PROFESSIONAL SUMMARY

Software Engineer | Full Stack Developer with experience in web and mobile applications. Recognized for autonomy, **fast learning**, and **effective communication with non-technical teams**. Passionate about **transforming ideas into functional and scalable solutions**, working with attention to detail and a strong commitment to quality.

WORK EXPERIENCE

Instituto Superior San Basilio Magno – Presencial

Software Engineer | October 2024 – Present

- Developed two academic management web applications (secondary and higher education levels) from scratch, serving over **1,000 active users**.
- Worked directly with school directors to translate requirements into a functional architecture, designing the database and main system flows.
- Both systems replaced a manual process based on more than **50 spreadsheets**, reducing **errors, permission issues, and administrative time by 90%**.
- Project fully developed **individually**, including design, backend, frontend, and deployment in **cloud environments**.
- Implemented **institutional best practices** for code and digital infrastructure management by establishing institutional accounts and transferring ownership of all services (website, repositories, domains) to ensure organizational independence and security.

Novexis Consulting – Remoto

Full Stack Developer | August 2024 – January 2025

- Developed **mobile applications with React Native** for:
 - **RoxBarf**: e-commerce app for a pet store in Mexico.
 - **Sofocón**: sales and client management app that improved productivity for a Uruguayan company.
 - **Tribe**: global social network; **led frontend development**, coordinating technical decisions and task prioritization with another developer for an Italian client.
- Collaborated with designers and backend developers to integrate **REST APIs** and enhance workflows, applying best practices in **version control and documentation**.

Kiura – Remoto

Full Stack Developer | June 2024 – August 2024

- Contributed to frontend and backend development for Italian clients using React.js and Express.js.
-

EDUCATION & TRAINING

Universidad Nacional de Misiones

*Bachelor's Degree in Public Accounting
(Paused) | 2019 – 2021*

Completed 1st and 2nd year coursework

Platzi

*Completed 40+ software development courses
(JavaScript, TypeScript, React, Node.js,
Databases, etc.)*

TECHNICAL SKILLS

Languages: JavaScript, TypeScript

Frontend: React.js, React Native, Next.js, Tailwind CSS

Backend: Node.js, NestJS, Express.js

Databases: PostgreSQL, MySQL, MongoDB

ORMs: TypeORM, Sequelize

Tools: Git, Swagger, Postman, Figma (basic)

Infrastructure: Docker (basic), Cloudflare

LANGUAGES

Spanish (native) | **English** basic (A1)
